

Greetings to everyone from around the world! You know how at sporting events they have 'the wave' where one group starts it and then it cycles all the way around and back to the beginning? Do you remember when at the year 2,000 they showed on television? They showed all the New Year celebrations going on around the world as the New Millennium began!! Here is what I want to propose: Let's have an around the world shofar assembly in every time zone on the Feast of Trumpets at sunset (the evening of September 18th) announcing to Messiah we are awake and anxiously anticipating His return. What a dress rehearsal! Won't that stir His heart?

Help complete the Wave! As you already know, the world is divided into 24 time segments. Each is called Coordinated Universal Time or UTC's. They are either + or - in relationship to the segment '0 hour', which is where London is located. On the Time Zone Map, find your UTC, and then fill out the web form below to get added to "The Feast of Trumpets Wave!" As the sun goes down, make a joyful sound! That means shout a resounding "Welcome to our King of Kings, Lord of Lords" and blow your shofar or horns as we celebrate in a wave of shofar blasts. If you don't have a shofar or horn, a recording like the one we show at www.elshaddaiministries.us/thewaveform will do.

Jerusalem's celebration starts at sundown (5:46PM, UTC +3h) on 9/29/08. Wouldn't it be wonderful to join them as Yom Teruah, the Day of Trumpets, begins in the city of His throne as well as our own individual sundown's? He will hear all His kids at once, and then hour after hour sounding the alert, bringing in this feast. Is this going to be another dress rehearsal or will this be the eminent fulfillment of the Feast of Trumpets heralding the ultimate coronation celebration? (Click here for a simple sundown calendar. Find your city or one in your time zone, then click on "calendar" to find September 29th.) Here is a link to learn all about this feast from an Orthodox Jewish perspective. They don't know Messiah but they do have some great insights and fun activities for the kids and some great recipes!! If you want to learn more about traditional ways to celebrate, visit this Feast of Trumpets/Yom Teruah/Rosh Hashanah!

If you want to participate, let me know if you want to be listed as:

- an individual
- a group
- a congregation

We are posting your entries at the [Feast of Trumpets Wave](#) exactly as you indicate on the form below. If you have family or friends that you know in a time zone not yet covered (see chart below) who are willing to participate, get them contact us to participate! May this be the first worldwide dress rehearsal of believers in unity calling out to our King!

We will NOT be using your email address for anything other than to verify/validate your entry. There are many names in the Bible for Messiah. So, what's your favorite? Is it the Rose of Sharon, the Prince of Peace, the Lord of Lords, the King of Kings? Or do you prefer Adonai or El Shaddai? We want to know which name you will be "shouting for" during the wave? "Come Moshiach! Come!" "King of Kings, Lord of Lords!" "Baruch Haba B'Shem Adonai"

If safety and security are issues for you, we will not use your "City, Country or Name" if you indicate that in the comments.

As you may have noted, we show the 24 different UTC time zones on The Wave. Fill in this form and click 'submit' to get your information placed on the grid in your time zone segment. We will add your city to the list of cities and groups that are participating. (Here's a great resource from Welt-Atlas in Germany: [Time Zone Map](#). Our times zones on the Wave Grid are based on that time zone chart.) Hopefully we can get people from every tongue, tribe and nation participating as we join together proclaiming Yeshua as our coming King of Kings!

Fill in [the form](#) and click "submit" to get your information placed on the grid in your time zone segment. (It takes a couple of days to post.) We will add your city to the list of cities and groups that are participating. (Do you know your UTC? Find it at our handy, referenced [Time Zone Map](#). Our times zones on the Wave Grid are based on that time zone chart.) Hopefully we can get people from every tongue, tribe and nation participating as we join together proclaiming Yeshua as our coming King of Kings!
